

ONE SHEET IS PLENTY

(BUT TWO IS BETTER)

Build your own replica of the world-beating, 1-sheet plywood racer “Bestia,” - winner of the 2022 Lerwick Christmas Inshore Speedboat Championship.

Model of the daring pilot is sold separately as part of the new “Action Dan” range.

You won't be as cool as the ace speedboat pilot who took it to adrenaline-filled glory, but there is no harm in trying.

Specifications:

Length: 2.1m
Beam: 1.1m
Engine: 4hp
Speed: 7 knots

*Print on card for best results

Trim to suit actual hull
shape after glue has dried
